## CERTIFICATIONS

2017,2018 **certificates for qualifying for the regional phase of the ACM-ICPC competitive programming contest**

2018,2019 **certificates for obtaining the best grades in the career of Engineering in Computer Science**

## PROFESSIONAL EXPERIENCE (LAST JOBS)

From June/2022  
Up to Now  
(U.S.A.)

### ITS - Internet Travel Solutions

Web and mobile platform developer  
Tasks performed: Responsible for correcting bugs and developing new features for both platforms. I managed to resolve bugs that existed a long time ago, refactored the code and made it cleaner, and helped other teammates improve their React knowledge.

C# | React | React/Native | JS | SQL

From October/2021  
May/2022  
(Sucre-Bolivia)

### GALAXY GAME STORE,

Web platform developer and maintainer  
Tasks performed: Responsible for the design, layout and development of the entire system, based on the company's specifications and policies. I developed a secondary platform that consumes resources from the Razer Gold API, for the purchase of Razer Balance.

HTML | JQUERY | BOOTSTRAP | LARAVEL | MYSQL
